Speed Dating Databases

You will "speed date" three library databases by searching each one for five minutes using keywords related to your research topic. As you complete this exercise, record your likes and dislikes about each database. At the end of each date, you will have to decide whether you want a second date with the database.

Articles + library.unc.edu (Search & Find or Research Tools)	Database 1 library.unc.edu (Search & Find → E-Research by Discipline)	Database 2 library.unc.edu (Search & Find → E-Research by Discipline)
First Impression - Likes	First Impression - Likes	First Impression - Likes
First Impression - Dislikes	First Impression - Dislikes	First Impression - Dislikes
2nd Date? Y / N / Maybe	2nd Date? Y / N / Maybe	2nd Date? Y / N / Maybe
